

Accelerate Vigyan Scheme

Extension of Call for Application

Considering the various requests from the stakeholders on account of the COVID 19 crisis and consequent constraints, SERB has decided to extend the call for application under "Abhyaas" component of AV for both of its sub-programs: Karyashala (High End Workshops) and Vritikla (Internships) till 30th September 2020.

Regarding the queries to conduct a High-End Workshop through webinar/online mode due to the COVID-19 pandemic situation, the event organizers are suggested to submit their applications proposing the event to be held online / webinar mode, if they feel so. The final decision in this regard will be taken based on the course content & feasibility to organize the proposed workshops online, as well as on the recommendation of the Abhyaas Expert Committee (AEC).
